

Code Snippets

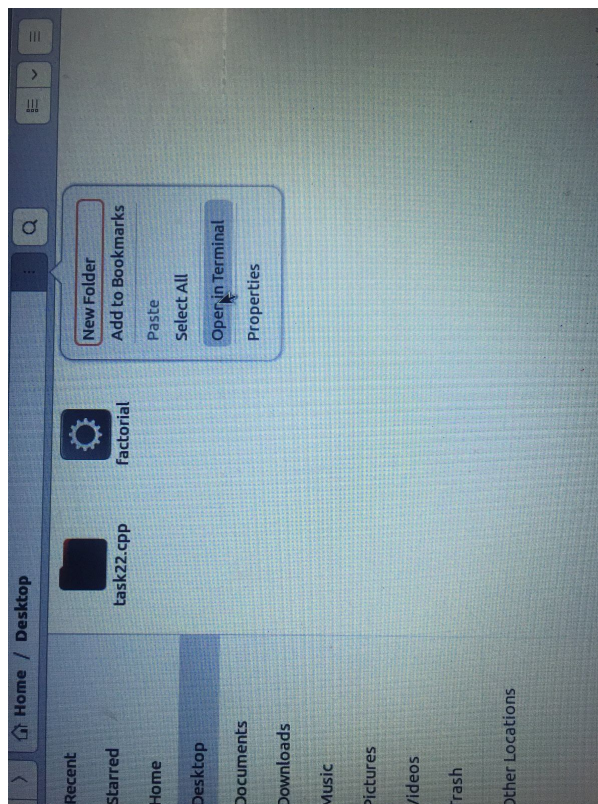

Editor

Firstly, Code snippet is written in text editor.

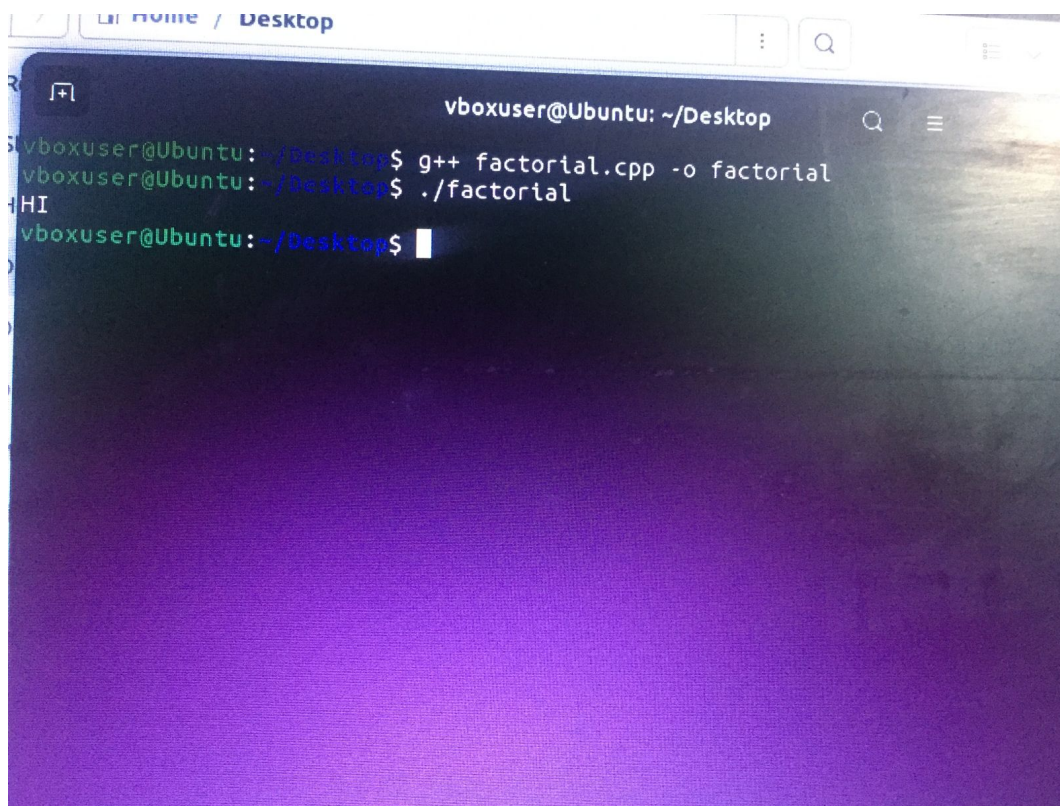

Terminal

Open file in terminal.

Write code snippets in terminal and run them.

```
vboxuser@Ubuntu: ~/Desktop
vboxuser@Ubuntu: ~/Desktop$ g++ factorial.cpp -o factorial
vboxuser@Ubuntu: ~/Desktop$ ./factorial
HI
vboxuser@Ubuntu: ~/Desktop$
```

This is how you write g++ and c++ code in ubuntu terminal.
